TeamEQ, the latest example of public support to attract technological talent to Asturias. The Regional Government's participative credits through the Sociedad Regional de Promoción del Principado de Asturias, S.A. (SRP), are a key element of this strategy. **More info.**

SUCCESS STORY

124 years of acetylsalicylic acid, the active ingredient of Bayer's Aspirin made in Asturias

In August 1897, Bayer scientist Felix Hoffmann synthesised acetylsalicylic acid, the active ingredient in Aspirin, for the first time in a stable form. Today, 100% of all Bayer's acetylsalicylic acid is produced in the facilities that the multinational has in Lada, La Felguera (Asturias). **Read more.**
